Finishes

Four attractive finishes are available for Nimbus furniture. To order your chosen finish, please prefix the model code with the appropriate finish prefix. For example a 1200 (with standard metal handles) in Oiled finish should be ordered as N1200.

Please note: Individual products in this brochure are photographed in the Lacquered finish with metal handles.

Satin: A light colour is applied to the wood which is then covered with a durable silky lacquer. The finish is smooth to the touch and has a gentle sheen.

Lacquered: This finish is a clear water-based lacquer which retains the textured feel of the oak and gives a matt finish.

Oiled: A Danish oil is applied which highlights the natural grain of the wood and retains the natural texture and feel of the oak. Occasional re-oiling may be required.

Dark: A dark stain is applied to the wood to give the rich dark colour then the satin lacquer is applied to seal the colour and give protection and a sheen to the surface.

Satin: order prefix S

Lacquered: order prefix L

Oiled: order prefix N

Dark: order prefix D

Handles

Nimbus furniture is available with two handle options. Metal handles come as standard, with wooden handles available as an alternative. To specify wooden handles, please add the letter H after the finish code. For example a 1200 in Oiled finish with wooden handles should be ordered as NH1200.

Please note: If wooden handles are specified, they will match your chosen finish.

Metal Handles: standard option

Wooden Handles: order letter H after finish code

To ensure durability Nimbus is made from a combination of solid oak and veneered panels. A characteristic of oak is its natural imperfections such as small knots, cracks, blemishes and slight colour variation. These features are a natural part of any real wood product and make each piece of furniture unique.

Care should be taken to avoid extremes of heat and moisture which may adversely affect the wood. As with all wooden furniture there is likely to be some movement while the wood adjusts to its atmospheric conditions.

Our policy is one of continual improvement. We therefore reserve the right to alter designs, dimensions, availability and price without prior notice. All dimensions in this brochure are believed to be correct at the time of printing, but may subsequently vary, therefore if dimensions are critical please check with your retailer. Imperial measurements are rounded to the nearest quarter or half inch, and metric measurements are rounded to the nearest 5 or 10mm. Articles used for decoration and styling are not included with the products offered. Colours are as accurate as the printing process allows.
